Dear Mr Rouault,

We are pleased to attach your certificate **no. Z1 10 07 32457 011** which entitles you to label the certified product with the respective certification mark.

Let us give you some additional information which we consider to be important for you:

- The product has to be accompanied by a user manual in the language of the country where it supposed to be sold.
- To ensure that the certificate maintains its validity please inform us in advance about any changes in your production process or changes of the product.
- We will invoice you **18 units** annually for the license which allows you to use our certification mark. You will notice that products tested by us will sell better.

You may find further information for the use of our marks in our testing and certification regulations. We look forward to our co-operation with you; please do not hesitate to contact us if you have further questions.

Yours sincerely,
