

Certificate in terms of air freight transportation

We hereby certify that the Lithium-ion cell (9,9 Wh) used in the **control unit** of our product

smoov O10 and e-motion M25 DuoDrive

is classified as **UN 3481** (LITHIUM-ION BATTERIES CONTAINED IN EQUIPMENT) and are in compliance with the following regulations or special provisions of

IATA Section II of PI 967

Condition precedent to meet the above listed requirements is adherence to all safety instructions specified in the user manual.

This certificate does not apply to damaged or defect batteries according to Special Provision A154, these are forbidden for transport.

Due to the frequent amendments of the respective regulations, which partly occur on an annual basis this certificate is valid until **31st December 2026**.
